	(PBI)		

	Advanced Technology for cell vehicles		
	Acid Doped Poly benzyl imidazole, A new polymer Electrolyte	Wainright,J.S., Wang,J-T.,Litt,M.,Moaddel,H.,Rogres,C.E.and Savinell, R.F.,	

25th central Regional Meeting Pittsburgh,PA,OCT.1993	Poly benzyl imidazole solid Electrolytes	Moaddel, H., Rogyes,C.E., and Litt, M.,	
25th central Regional Meeting Pittsburgh,PA,OCT.1993	Characterization of polymeric Electrolytes	Moaddel,H.,Sari,M.M.,Ragres,C.E.,and savinell, R.,	
35th IUPAC International symposium on Macromolecules, Akron.July 1994	Novel solid polymer Electrolytes	Litt,M.,Moaddel,H.,Togres,C.E.,Wainuright,J., and savinell,R.,	
Presented at IUPAC International symposium on Macromolecules,Akron,July 1994.	Poly benzyl imidazole as a solid polymer Electrolyte for fuel cell	Moaddel,H.,Rogres, ,C.E. Wainuright,J.,,and Litt, M.,	
Presented at the 18 th Meeting of the Electrochemical society, Reno,NV, May 21-26 1995	Solid state NMR Characterization of H ₃ PO ₄ Doped Poly benzyl imidazole solid polymer Electrolyte for fuel cell membranes	Wasmus,S.,Darunch,W.A.,Moaddel,H.,Rinaldi	
Northeast pregon chemical society,silver Anniversary Meting,Rochester, NY oct.22- 25,1995	Acid-Doped PBI Membranes for use in Fuel cells	Litt, M.,Moaddel,H.,	

1996 Fuel cell seminar, Orlando Florida, NOV.20-17 1996	The Effect of operation and Design parameters on the performance of the Direct Methanol Fuel cell	Simpson, S.F., Cisar, A.J., Franaszczak, k., Moaddel, H., Brejchova	
U.S.patent, 5958616, sep.28, 1999	Membrane and Electrode structure for methanol fuel cell	Carlos, S., Simson, S.F., Murphy, O.J., Fraszczuk	
Jornal of chemistry vol 40A, November pp1149-1155 (2001)	Hydrogen adsorption and absorption on the platinum electrode	M.Jafarian, M.G.Mahjani, M.Hoseni and F.Gobal	

Journal of chemistry nol.41A,May pp 1208-1211(2002)	A study of the number potential deposited hydrogen on the nickel electrode in alkaline media	M.Jafarian,M.G.Mahjani,M.Hoseni and F.Gobal	
Electrochemistry Communications 5(2003)184-188	Electrocatalytic oxidation of methane at nickel hydroxide modified nickel electrode in alkaline solution	M.Jafarian,M.G.Mahjani,H.Hel,i F.Gobal and M.Heydarpoor	
5th Iranian seminar of physical chemistry Boushehr Iran Jan.31-Feb.2(2002)	Hydrogen absorption and diffusion in to and at mercury	M.Jafarian,M.G.Mahjani, F.Gobal And O.Azizi	
Ferst National Iranian Fuel cell Congress Tehran 3-4 Octob.2001	Study of hydrogen evolution reaction on silver electrode by using cyclic voltammery and acimpedance	M.Jafarian,M.G.Mahjani, F.Gobal And O.Azizi	
7th National Iranian Corrosion Congress Ahwaz Iran pp 142-153,23-25April(2001)	Study corrosion of pure Aluminum in phosphoric acied.	M.Jafarian, H.Karimi hydrogen	
Journal of chemistry vol 36 A, October pp 877-881 (1998)	Electrochemical study of the slowly absorbed H ⁺ /H Species on platinum electrode	M.Jafarian,M.G.Mahjani, F.Gobal	

Proceedings of 2001 IEE International Conference on Control Application pp.259-246, Mexico City, Mexico, Sep (2001)	Sensor less Vector Control of Induction Motors in Fuel Cell Vehicle using Nero-Fuzzy Speed. Controller and an On-line Artificial neural Network Speed Estimeator.	K.Jalali,S.Farhangi,E.Saievar-Iranizad	
J.Chemistry,8(1), 36(1995)	Reduction of Peroxide Formed at the Cathode of H ₂ /O ₂ Fuel Cell with Co. Cu, Fe, Ni phthalocyanines at Ambient Temperature.	M.Keyanpour,F.ghaziani	
Proceeding of 3rd Iran-Turkmenistan Joint Seminar on Renewable Energy Sources (1992).	Design and Fabrication of a polymeric Electrolyte Fuel Cell as a clean Source of Energy for Vehicle Applications.	M.Keyanpour	
Proceeding of is National Seminar on Batteries, Science and Technology University Nov.(2001).	The effect of Electrode Platinum Loading on The Efficiency of Polymeric Fuel Cell.	M.Keyanpour	

J.Braz.chem.Soc.	Study of Permanganate Anion Transfer across the Electrified water/Nitrobenzene Interface.	H. Heli, M. Jafarian, M.G. Mahjani	
Electrochemistry Communication,5 (2003)184	Electrocatalytic Oxidation of Methane at Nickel hydroxide modified nickel electrode in alkaline solution.	M. Jafarian, M. G. Mahjani, H. Heli, F. Gobal	
J. Electro. and Chem.	Electro- Oxidation of Methanol on copper in alkaline solution.	M.Jafarian,M.G.Mahjani, H.Heli,F.Gobal	
European Solid Oxide Fuel Cell Forum (2002).	Mathematical Modeling of Electrolyte Lattice Defects in Solide Oxide Fuel Cell.	E.Saievar-iranizad, A.Malekifar	
Proceedings of National Battery Conference, PP.253-260, Tehran, Nov. (2001)	The study of Heat Exchange and Friction Properties in Designing the Bipolar in Planer SOFC.	E.Saievar-iranizad, A.Malekifar	
Proceedings of the 2 nd National Energy Conference. Vol.2,PP.1408-1422 (199).	Molten Carbonate Fuel Cell Power Plants.	E.Saievar-iranizad	

Proceedings of Euro Sun 96, Freiburg, Germany (1996)	Fuel Cell and Hydrogen	E.Saievar-iranizad	
Proceedings of the Symposium on the Environment and Symposium of Development PP.151-134, IRAN, Nov.(1994)	Reduction of Greenhouse Effect Thaugh Hydrogen and Fuel Cell.	E.Saievar-iranizad	
Proceedings of the 3 rd National Energy Conference, Vol,PP.79-87. IRAN, May.(1997)	Evaluation of New Technologies of Fuel Cell in Generating Clean Energy	E.Saievar-iranizad	
Proceedings of 3 rd National Iranian Conference, PP.29-38, Theran, May (2001).	The Status of Fuel Cell Vehicle in the world and Iran.	E.Saievar-iranizad	
3 rd National Energy Congress, world Energy Council, May, 2001, Iran.	Design and construction of 1kw Fuel Cell.	Rowshanzamir, S. and Eikani,M.H.	
15th International Congress of Chemical and Process Engineering, Aug, 2002	Synthesis gas from natural gas by non catalytic Partial Oxidation.	Rowshanzamir, S. and Eikani,M.H.	

Nano technology conference, 25,vol. 2,pp.335-343,Mar,2002.	Application of nanotechnology in Fuel Cell system	Rowshanzamir, S. and Eikani,M.H. Eliassi,A.	
Nanotech 2002.Houston,Texas, sep 2002	On Board Hydrogen Storage In Fuel Cell vehicles By Carbon Nano tubes	Rowshanzamir, S. and Eikani,M.H.	
International Journal of Engineering Science, Iran University of science and Technology	Development of a 1kw PWA Fuel Cell Stack (submitted)	Rowshanzamir, S. and Eikani,M.H.	
4 th European congress of chemical Engineering, Granada, spain, sep., 2003	Environmental Issue of Iran	Rowshanzamir, S. and Eikani,M.H.	

J.of Mat.Sci.,vol.37,2002 , 2273-2278	Microstructure, Mechanical properties and Ionic Conductivity of BICUVOX.1-ZrO ₂ composite Solid electrolytes.	M.H.Paydar, A.M.Hadian, k.Shimano, N.Yamazoe	
J.EURO. Ceramic Soc., Vol. 21,2001, 1825-1829	The effect of zirconia addition on sintering Behavior, Mechanical properties and Iran Conductivity of BICUVOX.1 Material	M.H.Paydar, A.M.Hadian	
		k.Shimano, N.Yamazoe	
Int. J. Hydrogen Energy,23(6),1499-506	Mass balance and water management for hydrogen air Fuel Cell	Rowshanzamir, S.,kazemini, kabiri Isfahani.	
13 th International congress of chemical and process Engineering, CHISA,98, Aug.	Design and evaluation of an alkaline Fuel Cell.	Rowshanzamir, S.,kazemini,	
J. Power Sources, 88 (2000) 262-268	A new immobilized-alkali H ₂ /O ₂ Fuel Cell	Rowshanzamir, S.,kazemini	
2 nd International Non-Renewable Energy Sources, Congress, Tarbiat Modarres University, 1998, Dec. 12-17	Fuel Cell as a mean of production Clean energy from fossil fuel: An Experimental approach.	Rowshanzamir, S.,kazemini

International conference on solar Energy, Tehran (1995).	Reduction of the peroxide formed at the Cathode of Fuel cells with MPCs, at Low Temperatures.	M. Keyanpour, F, Ghaziani	
1 th Conference of Iranian Chemistry and Chemical Engineering Society (1992)	The Syntheses of MPCs and study their effect on decomposing peroxide formed at the Cathode of Fuel cells	M. Keyanpour	

Int.J.of Renewable Energy, WREC, PP.2473-2476.UK (1998)	Advanced Technology for Fuel cell Vehicles.	E. Saievar- Iranizad	
Iranian Journal of Energy, Vol.7, No.13, National Energy Comittcc of IRAN (2002).	Flux and Ionic Transport in the Cylindrical Solid Oxide Fuel cell.	E. Saievar- Iranizad, A. Malekifar	
Proceeding of Inter. Conference & Exhibition on Village Electrification through Renewable Energy, New Dehli, India. March.(1997).	Hydrogen- Solar Fuel cells and Energy storage	E. Saievar- Iranizad,	
Proceeding of 1997 solar world Congress of the ISES, Taejon, Aug. (1997)	Solar Fuel cells	E. Saievar- Iranizad,	
Proceeding of the 2 nd National Energy, Conference, Vol.2,PP.1432. Tehran (1999)	Hydrogen, Fuel cells and Environment	E. Saievar- Iranizad,	
Proceeding of the 2 nd National Energy, Conference, Vol.2,PP.1444-1452. Tehran (1999)	Feasibility Study of Methanol Fuel cells Power Plants.	E. Saievar- Iranizad,	

	Compressibility of graphite felt electrodes and its impact on mass transfer and hydrodynamic behavior (in preparation)	F. Mohammadi, D. Wiely and T. Tran	
	Preparation and evaluation of modified gas diffusion electrode using Poly aniline in the Fuel cell based on acid-doped Poly benzyl imidazole		
Proceeding of the International Future Transportation Technology Conference USA. June 2003	A Comparative Review of Fuel cell Vehicles (FCV5) and Hybrid Electric Vehicles (HEV5) (PART I)	H. Moghbelli, K. Ganapavarapu, R. Langari and M. Ehsani	

Proceeding of the International Future Transportation Technology Conference USA. June 2003	A Comparative Review of Fuel Cell Vehicles (FCV5) and Hybrid Electric Vehicles (HEV5) (PART II)	H. Moghbelli, K. Ganapavarapu, R. Langari	
Proceeding of the ASME/IEEE Rail Transportation Division Joint Rail Conference USA April, 2003	Fuel Cell Based Hybrid Technology for the Future Passenger Railroad Transportation	H. Moghbelli, K. Ganapavarapu, and M. Ehsani	
J. of Electro analytical Chemistry 521 (2002) 161-167 [ELSEVIER]	Electro catalytic Oxidation of methanol on electrodes modified by platinum micro particles dispersed in to poly (O-Phenyl-endiumine) film	S. M. Golab, A. Nozad	
Electro analysis 2003, 15, No.4	Electrocatalytic Oxidation of methanol at Lower Potentials on Glassy Carbon Electrode Modified by Platinum Alloys Incorporated in Poly (O-Aminophenol) film.	S. M. Golab, A. Nozad	
	Electrocatalytic Oxidation of methanol on glass Carbon modified by Pt and Pt + Ru , Pt + Sn micro particles dispersed in to poly (o-aminophenol) film		
	Electrocatalytic Oxidation of methanol a nickel-Porphyrin Ix Complex modified glassy Carbon electrode in alkaline modified glassy Carbon electrode in alkaline medium.
